# In the News

[www.silvercreekarena.com](http://www.silvercreekarena.com)

*"Riding a horse is not a gentle hobby, to be picked up and laid down like a game of solitaire. It is a grand passion. It seizes a person whole and, once it has done so, he will have to accept that his life will be radically changed."*

**Ralph Waldo Emerson**

December 9, 2006

**Such good news...**this In the News has for us all...!!

*It is with great pleasure we announce our current association with **Ms Theresa Moore**, who has accepted the position of Facility Manager here at Silver Creek Equestrian Club. We could have searched the world over and not found anyone that 'fits' as well as she does!!*

We feel extremely lucky, but the real lucky ones are the horses (and dogs and kitties) that fall under Theresa's diligent care. A personal friend of mine from years gone by, (and many of you already know her as well), Theresa and I kept horses together when we were 'young'. She, like many of us, is still ruled by her passion and has years of experience 'tending to' and providing primary care for managed facilities and horses.

Theresa feels her first responsibility is to make sure all the horses are well tended to and happy. Thus she starts each day by bringing each horse into its stall that she and her staff has prepared the night before with food and water already in place in a clean stall. With afternoon feedings starting at 2pm, watering and ending the day with their turnout and stall prep, Theresa's 'hands on' each horse twice a day provides her with a knowledge of and a relationship with your horse(s) that we all can appreciate and almost envy.

Working with all priorities of each horse, you will notice she has added a new chart board on the wall of the tack room that provides pertinent information for each horse and owner. Notice also that each stall is now numbered for the convenience of your veterinarian and/or farrier. Any special requests or needs, or concerns that you may have can be addressed by calling Theresa's cell phone 601-415-7758. Please take your first opportunity to meet Theresa and welcome her 'in hand' with us. She loves our children and animals as we do and we can rest assured all is well in her hands.

**More good news to come** of these professional work ethics will include being able to offer **special requests in addition to regular boarding services...since our boarding prices are at the bare minimum, these services will be offered as 'add ons'** and you will be able to 'request as needed' any special needs such as

- 1) follow up vet care
- 2) blanketing on/off
- 3) Leave ups
- 4) Exercise and Ride service
- 5) Grooming

The prices of such will be posted on the website for 2007 and watch for an upcoming email detailing these to the boarders.

Since Christmas and New Year's Day fall on Mondays this year, **we will be holding Camp Silver Creek days on Saturdays too** of the corresponding weeks. Fliers are available in the tack room or from the website. When you visit the website you will notice some changes taking place...bare with us...it will be easier and quicker to navigate when completed...:>)

Come learn with us...bring a friend!!
